G.O. No. 4170

Dated the 14-11-1942

[Despatch Abstract.]

Establishment - Temporary - Bellary - Famine relief works - Continuance - Sanctioned.

On 11-9-42 and 12-9-42 I inspected the famine relief road works-Chilakaladona and Thimmapuram. The number of workers in the Chilakaladona charge on the tenth of September were 5,009 with 775 children fed in kitchens and at Thimmapuram the number of the 11th was 5583 workers of whom 1139 came from Kurnool district and also 600 people were transferred from Kalakakanadu Village. The rains were beneficial in June and July though rather late in July. Even though they came late in August they have improved the crop considerably and they are looking very much better when I saw them at the end of July. The korra is now ripe and the cotton is flowering and looks healthy but what is required now is a further good downpour of rain for about two days as it will be useful for the mungari crops and planting in the black soil. Approximately 2/3 of the Yemmiganur sub-taluk is red soil of which mungari crop is grown and the remaining 1/3 is black soil on which hingari is grown. The trouble in this area is that the well-to-do ryots have no stock in hand of grain to give their coolies because of the failure of crops last year and because of the lack of itermittent rain at the right times in August with the result that there is very little weeding to do and the ryots are doing this without employing labour, I think, it is essential that these four relief works which I proposed to close on the 15th September should be continued till the 30th September and I have accordingly given instructions to that effect. It may be necessary to continue them for a further period if the rains withhold. The Revenue Divisional Officer, Adoni, is sending me a further report about the 20th September 1942.

2. The workers are very anxious to have the relief works for another two months. This must be partly due to the fact that they get regular pay on these works.

Copies submitted to Government in continuation of this office letter No.7454 Ad/41-27, dated 11th September 1942 for information.

2. Further reports from the Superintending Engineer, regarding continuance of the remaining staff beyond 30th September 1942 is awaited and will be submitted to Government on receipt.

Ref: Board's L.Dis. a. 1947/42 dated 5th October 1942 communicating G.O. No. Ms. 3455 P.W. Department dated 23rd September 1942.

In the G.O. cited above sanction has been accorded for the continuance till 15th October 1942 of the following staff for closing the accounts relating to the famine relief works in the Bellary district:-

(1) One Assistant Engineer (2) Two Lower Division clerks.
